

Culver School District #4
PO Box 259 * 412 West E Street
Culver OR 97734

Stefanie Garber, Superintendent

Dear Parents,

Here are some reminders from the Oregon Department of Education as we go through the cold and flu season.

Communicable Disease Control Measures - Guidelines for Exclusion

Students should be excluded from school if they exhibit any of the following:

- Fever greater than 100.5; child should be fever free without medication 24 hours before returning to school.
- Vomiting
- Stiff neck or headache with fever
- Any rash with or without fever
- Unusual behavior change, such as irritability, lethargy or somnolence
- Jaundice (yellow color of skin or eyes)
- Diarrhea (3 watery or loose stools in one day with or without fever)
- Skin lesions that are “weepy” (fluid or pus-filled)
- Color drained from eyes
- Brown/green drainage from nose with fever of or greater than 100.5 F
- Difficulty breathing or shortness of breath; serious, sustained cough
- Symptoms or complaints that prevent the student from participating in his/her usual school activity, such as pertinent cough, with or without presence of fever, or Student requires more care than the school staff can safely provide.

Only a licensed health care provider can determine a diagnosis and/or prescribe treatment and provide instructions regarding the student’s return to school.

Students needing exclusion due to illness should be separated from other students while waiting for transportation from a school setting.

The school nurse or local county health department should always be consulted regarding any written communication that may be developed to notify parents about disease outbreaks, risks to students, families, and staff and/or control measures specific to the outbreak.

Sincerely,
Culver School District
