School Board members are locally elected public officials entrusted with governing a community's public schools. The role of the school board is to ensure that school districts are responsive to the values, beliefs and priorities of their communities. Boards fulfill this role by performing five major responsibilities:

- Set direction by planning, goal setting, hiring and evaluating the Superintendent
- Set District policy to establish an effective and efficient structure
- Provide support by adopting budgets and levying taxes
- Ensuring accountability and fiscal responsibility by monitoring District compliance with state and federal regulations, and monitoring student and District performance
- Provide community leadership by being active advocates for children, the school district and public schools

These five responsibilities represent core functions that are fundamental to a school system's accountability to the public and can only be performed by an elected governing body. Authority is granted to the Board as a whole, not each member individually. Therefore, board members fulfill these responsibilities by working together as a governance team with the Superintendent to make decisions that will serve all of the students in the community.

# Guiding Principals

- We believe it is our district's responsibility to increase achievement for all students and narrow the achievement gap.
- We believe ALL students need to be challenged with a broad range of learning opportunities.
- We believe we need to provide prudent stewardship of district resources to best support student success, district stability, and high quality staff.
- We believe in operating with a high level of integrity and honesty.
- We believe our community's input is essential to our progress.

## Board Goals

- **Goal 1** - Prioritize the success of our students, both in school and in endeavors outside of school, during their K-12 years, resulting in a 100% graduation rate.
- **Goal 2** - Provide a culture and environment that supports our students and staff and creates a place that students and staff want to be a part of and never leave.
- **Goal 3** - The community we serve knows it's supported, heard and valued.

# Superintendent's Budget Message

We are pleased to present the Adopted 2024-25 Budget for the Culver School District. This document represents the collective work of the District's Administrative Staff who solicited input from the staff they supervise as well as ideas from the Community Budget Forum. The budget committee and board are faced with understanding and approving a balanced budget.

The proposed budget is \$16,375,165 for all funds and \$11,875,519 for the general fund. The general fund budget expenditure less the required general fund unappropriated fund balance is \$10,925,477 representing a 2.4% increase from the 2023-2024 approved budget

We have enjoyed the 2023-2024 school year with no new hires on our administrative team. This has allowed the leadership to be consistent and productive. Our district is focused on the following priorities:

- To Team-Up to invest in every kid, every day to equip students with:
  - Attentive, mindful communication
  - Real World-life, social, & career ready skills
  - Integrity, character, & confidence
  - A driven purpose

## BUDGET IMPLICATIONS-

The top four areas to be considered in this budget and into future budgets are:

1. Negotiated pay increases for all staff.
2. Continue to address staffing needs for our subgroups of students.
3. Utilizing ESSER Funds to best serve our students and staff and the sunset of ESSER Funds come September 30.
4. Continue to be creative and innovative in our program offerings.

We submit this adopted budget with the confidence that we have created the best possibilities for staff and students as well as being fiscally prudent with our taxpayer dollars. Thank you to district staff involved with the preparation of this budget.

Respectfully,

Stefanie Garber  
Superintendent
