School Board members are locally elected public officials entrusted with governing a community's public schools. The role of the school board is to ensure that school districts are responsive to the values, beliefs and priorities of their communities. Boards fulfill this role by performing five major responsibilities:

- Set direction by planning, goal setting, hiring and evaluating the Superintendent
- Set District policy to establish an effective and efficient structure
- Provide support by adopting budgets and levying taxes
- Ensuring accountability and fiscal responsibility by monitoring District compliance with state and federal regulations, and monitoring student and District performance
- Provide community leadership by being active advocates for children, the school district and public schools

These five responsibilities represent core functions that are fundamental to a school system's accountability to the public and can only be performed by an elected governing body. Authority is granted to the Board as a whole, not each member individually. Therefore, board members fulfill these responsibilities by working together as a governance team with the Superintendent to make decisions that will serve all of the students in the community.

Guiding Principals

- We believe it is our district's responsibility to increase achievement for all students and narrow the achievement gap.
- We believe ALL students need to be challenged with a broad range of learning opportunities.
- We believe we need to provide prudent stewardship of district resources to best support student success, district stability, and high quality staff.
- We believe in operating with a high level of integrity and honesty.
- We believe our community's input is essential to our progress.

Board Goals

- **Goal 1** Prioritize the success of our students, both in school and in endeavors outside of school, during their K-12 years, resulting in a 100% graduation rate.
- **Goal 2** Provide a culture and environment that supports our students and staff and creates a place that students and staff want to be a part of and never leave.
- Goal 3 The community we serve knows it's supported, heard and valued.

Superintendent's Budget Message

We are pleased to present the Approved 2025–26 Budget for the Culver School District. This document represents the collective work of the District's Administrative Staff who solicited input from the staff they supervise as well as ideas from the Community Budget Forum. The budget committee and board are faced with understanding and approving a balanced budget.

The Approved budget is \$18,224,827 for all funds and \$11,875,519 for the general fund. The general fund budget expenditure less the required general fund unappropriated fund balance is \$10,718,502 representing a 2% increase from the 2024-25 approved budget.

We have enjoyed the 2024-25 school year with one new hire on our administrative team at the middle school. Our administrative team has reviewed budgets, schedules, staffing, supplies, grants, legislation, and negotiated contracts in creating this budget.

Our district remains focused on the following priority:

- To Team-Up to invest in every kid, every day to equip students with:
- Attentive, mindful communication
- Real World-life, social, & career ready skills
- Integrity, character, & confidence
- A driven purpose

BUDGET IMPLICATIONS-

The top four areas to be considered in this budget and into future budgets are:

- 1. Negotiated pay increases for all staff.
- 2. Continue to address staffing needs for our subgroups of students.
- 3. Declining enrollment combined with increased costs for supplies, staff, & services.
- 4. Continue to be creative and innovative in our program offerings.

We submit this Approved budget with the confidence that we have created the best possibilities for staff and students as well as being fiscally prudent with our taxpayer dollars. Thank you to the district staff involved with the preparation of this budget.

Respectfully,

Stefanie Garber

Stefanie Garlow

SPECIAL REVENUE

Special Revenue fund accounts for the revenues and expenditures legally restricted for a specific purpose. These include such programs as Title, Federal or State grants and Nutrition Services.

Special Revenue Definitions

Farm to School-Fund 206

These funds are awarded to the school district to assist in paying for costs incurred in purchasing food produced or processed in Oregon. The amount of grant funds award is based on the number of lunches served by the school district during the previous school year under the National School Lunch Program.

Title I-A-Economically Disadvantaged-Fund 210

This program is designed to aid the economically disadvantaged in achieving the benchmark standards for literacy and mathematics (K-8).

<u>Title II-A-Quality Teachers and Principals-Fund 215</u>

This program provides funding to increase student academic achievement by increasing the number of highly qualified teachers in the classroom and providing professional development for staff.

Individuals with Disabilities Act-IDEA-Fund 219

Students must be provided a Free Appropriate Public Education that prepares them for further education, employment and independent living. This program aids in meeting the costs of providing special education and related services to children with disabilities.

ESSA-Fund 220

The Every Student Succeeds Act (ESSA) is a federal school accountability law rooted in supporting all students equitably and building systems that eliminate barriers to student success; it replaced No Child Left Behind in 2015. These funds are awarded to schools who need to show improvements in certain academic areas.

Youth Transition Program (YTP)-Fund 223

Established in 1990, the Oregon Youth Transition Program (YTP) is a collaborative partnership between the office of Vocational Rehabilitation, Oregon Department of Education, and the University of Oregon.
